

Revision Number: 001.0

Issue date: 01/27/2025

**1. IDENTIFICATION OF THE SUBSTANCE OR MIXTURE AND OF THE SUPPLIER**

Product identifier used on the label: Kenra Platinum Luxe One Leave In

Recommended use of the chemical and restrictions on use: Hair Treatment, leave-on

Name, address and telephone number of the chemical manufacturer:

Henkel Corporation  
One Henkel Way  
Rocky Hill CT 06067

CHEMTREC: 1-800-424-9300 (24 hours daily)  
Internet: www.henkel-northamerica.com

Emergency telephone number: Medical Emergencies:1-800-258-3425

**2. HAZARDS IDENTIFICATION**

The hazards described in this Globally Harmonized System Safety Data Sheet (SDS) are not intended for consumers, and does not address consumer use of the product. For information regarding consumer applications of this product, refer to the product label.

Classification of the substance or mixture in accordance with paragraph (d) of §1910.1200

| HAZARD CLASS                                       | HAZARD CATEGORY |
|--|-----------------|
| EYE IRRITATION                                     | 2A              |
| SPECIFIC TARGET ORGAN TOXICITY - REPEATED EXPOSURE | 2               |

Signal word, hazard statement(s), symbol(s) and precautionary statement(s) in accordance with paragraph (f) of §1910.1200

Signal word: WARNING

Hazard Statement(s):

Causes serious eye irritation.

May cause damage to organs through prolonged or repeated exposure.

Symbol(s):

Precautionary Statements:

- Prevention:** Do not breathe dust/fume/gas/mist/vapours/spray.  
Wash affected area thoroughly after handling.  
Wear eye and face protection.
- Response:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
Get medical attention if you feel unwell.  
If eye irritation persists: Get medical attention.
- Storage:** Not prescribed
- Disposal:** Dispose of contents and/or container according to Federal, State/Provincial and local governmental regulations.

Hazards not otherwise classified: Not available.

Percentage of ingredient(s) with unknown toxicity:

1 % of the mixture consists of ingredient(s) of unknown acute toxicity.

Classification complies with OSHA Hazard Communication Standard (29 CFR 1910.1200) and is consistent with the provisions of the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

See Section 11 for additional toxicological information.

### 3. COMPOSITION / INFORMATION ON INGREDIENTS

The following chemicals are classified as health hazards in accordance with paragraph (d) of § 1910.1200.

| Chemical Name*  | CAS Number (Unique Identifier) | Concentration  |
|---|--------------------------------|----------------|
| Alcohols, C16-18  | 67762-27-0                     | >= 1 - < 5 %   |
| Dimethyl polysiloxane   | 63148-62-9                     | >= 1 - < 5 %   |
| Glycerol  | 56-81-5                        | >= 1 - < 5 %   |
| Quaternary ammonium compounds, C20-22-alkyltrimethyl, chlorides | 68607-24-9                     | >= 1 - < 5 %   |
| Cetrimonium chloride  | 112-02-7                       | >= 0.1 - < 1 % |

\*The specific chemical identity and/or exact percentage (concentration) of composition has been withheld because a trade secret is claimed in accordance with paragraph (i) of §1910.1200.

Actual concentration or concentration range is withheld as a trade secret

### 4. FIRST AID MEASURES

#### Description of necessary measures

**Inhalation:** First aid measures not required.  
**Skin contact:** First aid measures not required. Cosmetic product and therefore not necessary.  
**Eye contact:** Rinse eyes with plenty of water until no evidence of product remains. Get medical attention if pain or irritation develops.  
**Ingestion:** Dilution by rinsing the mouth and giving water or milk to drink is generally recommended. Contact physician or local poison control center.

#### Most important symptoms and effects, both acute and delayed

After eye contact: May cause moderate to severe irritation. After skin contact: Repeated or prolonged excessive exposure may cause irritation or dermatitis. After inhalation: Unlikely to occur due to the physical properties of the product. At elevated temperatures, vapors or mists may cause irritation. After ingestion: Ingestion may cause irritation of mouth, throat, digestive tract, diarrhea and vomiting.

#### Indication of any immediate medical attention and special treatment needed

After eye contact: Rinse eyes with plenty of water until no evidence of product remains. After skin contact: Rinse affected area with mild soap and water until no evidence of product remains. After inhalation: Remove from exposure area to fresh air. After ingestion: Administer immediately plenty of water. With ingestion of larger quantities (in adults one tablespoon) or in the case of discomfort or pain seek immediate medical attention.

### 5. FIRE FIGHTING MEASURES

#### Suitable (and unsuitable) extinguishing media

**Suitable extinguishing media:** Dry chemical, carbon dioxide, water spray or regular foam.

**Unsuitable extinguishing media:** None known

#### Specific hazards arising from the chemical

carbon oxides. Hydrogen chloride. nitrogen oxides

#### Special protective equipment and precautions for fire-fighters

In case of fire, wear a full-face positive-pressure self-contained breathing apparatus and protective suit. Avoid breathing vapors, keep upwind. Isolate area. Keep unnecessary personnel away.

### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Wear skin, eye and respiratory protection as recommended in Section 8. Stop leak if you can do it without risk. Spills present a slipping hazard. Keep unnecessary personnel away. Ventilate spill area if possible. Make sure area is slip-free before re-opening to traffic.

### Environmental precautions

Small or household quantities may be disposed in sewer or other liquid waste system. For larger quantities check with your local disposal authorities.

### Methods and materials for containment and cleaning up

SMALL SPILLS: Contain and absorb with sand or other absorbent material and place into clean, dry containers for later disposal. Wash site of spillage thoroughly with water. LARGE SPILLS: Dike far ahead of spill to prevent further movement. Recover by pumping or by using a suitable absorbent material and place into containers for later disposal. Dispose in suitable waste container.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

Do not get in eyes. Do not take internally. Use with adequate ventilation. Avoid generating aerosols and mists.

### Conditions for safe storage, including any incompatibilities

Store in original containers in a cool dry area. Storage areas for large quantities (warehouse) should be well ventilated. Keep the containers tightly closed when not in use.

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available.

| Hazardous Component(s) | ACGIH TLV | OSHA PEL   | AIHA WEEL | OTHER |
|------------------------|-----------|--|-----------|-------|
| Alcohols, C16-18       | None      | None   | None      | None  |
| Dimethyl polysiloxane  | None      | None   | None      | None  |
| Glycerol               | None      | 5 mg/m3 PEL Respirable fraction.<br>15 mg/m3 PEL Total dust. | None      | None  |

### Appropriate engineering controls

Provide local exhaust or general dilution ventilation to keep exposure to airborne contaminants below the permissible exposure limits where mists or vapors may be generated.

### Individual protection measures

|                     |   |
|---------------------|---|
| <b>Respiratory:</b> | Air contamination monitoring should be carried out where mists or vapors are likely to be generated, to assure that the employees are not exposed to airborne contaminants above the permissible exposure limits. |
| <b>Eye:</b>         | Splash-proof safety glasses are required to prevent eye contact where splashing of product may occur.   |
| <b>Hand/Body:</b>   | Protective gloves are required where repeated or prolonged skin contact may occur.<br>Protective clothing is required where repeated or prolonged skin contact may occur.   |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|   |                   |
|---|-------------------|
| <b>Appearance:</b>                              | cream<br>gold     |
| <b>Odor:</b>                                    | characteristic    |
| <b>Odor threshold:</b>                          | Not available.    |
| <b>pH:</b>                                      | 3.6 - 4.6 (25 °C) |
| <b>Melting point/ range:</b>                    | Not available.    |
| <b>Boiling point/range:</b>                     | Not available.    |
| <b>Flash point:</b>                             | Not applicable    |
| <b>Evaporation rate:</b>                        | Not available.    |
| <b>Flammable/Explosive limits - lower:</b>      | Not available.    |
| <b>Flammable/Explosive limits - upper:</b>      | Not available.    |
| <b>Vapor pressure:</b>                          | Not available.    |
| <b>Vapor density:</b>                           | Not available.    |
| <b>Solubility in water:</b>                     | Partially soluble |
| <b>Partition coefficient (n-octanol/water):</b> | Not available.    |
| <b>Autoignition temperature:</b>                | Not available.    |
| <b>Decomposition temperature:</b>               | Not available.    |

Viscosity:  
VOC content:

10,200 - 40,200 mPa.s  
Not available.

## 10. STABILITY AND REACTIVITY

|  |  |
|--|--|
| <b>Reactivity:</b>                         | This product may react with strong alkalies.   |
| <b>Chemical stability:</b>                 | Stable under normal ambient temperature (70°F, 21°C) and pressure (1 atm).                       |
| <b>Possibility of hazardous reactions:</b> | Hazardous polymerization has not been reported to occur under normal temperatures and pressures. |
| <b>Conditions to avoid:</b>                | Avoid storing in direct sunlight and avoid extremes of temperature.                              |
| <b>Incompatible materials:</b>             | Strong oxidizers and alkalies.   |
| <b>Hazardous decomposition products:</b>   | Thermal decomposition may release toxic and/or hazardous gases, including ammonia.               |

## 11. TOXICOLOGICAL INFORMATION

### Likely routes of exposure including symptoms related to characteristics

|   |   |
|---|---|
| <b>Inhalation:</b>                          | Unlikely to occur due to the physical properties of the product. At elevated temperatures, vapors or mists may cause irritation.                                |
| <b>Skin contact:</b>                        | No adverse effects anticipated from normal use.   |
| <b>Eye contact:</b>                         | May cause moderate to severe irritation.  |
| <b>Ingestion:</b>                           | May cause mild gastrointestinal irritation with nausea, vomiting, diarrhea and abdominal pain.  |
| <b>Physical/Chemical:</b>                   | No physical/chemical hazards are anticipated for this product.  |
| <b>Other relevant toxicity information:</b> | This product is a personal care or cosmetic product. Direct contact with eyes may cause irritation. No adverse effects are anticipated to skin from normal use. |

### Numerical measures of toxicity, including delayed and immediate effect

| Hazardous Component(s)  | LD50s and LC50s   | Immediate and Delayed Health Effects |
|---|---|--------------------------------------|
| Alcohols, C16-18  | None  | No Data                              |
| Dimethyl polysiloxane   | None  | Irritant                             |
| Glycerol  | None  | Irritant, Nuisance dust              |
| Quaternary ammonium compounds, C20-22-alkyltrimethyl, chlorides | Inhalation LC50 (RAT, 1 h) = > 6 mg/l<br>Inhalation LC50 (RAT, 4 h) = 0.07 mg/l | No Data                              |
| Cetrimonium chloride  | None  | No Data                              |

### Carcinogenicity information

| Hazardous Component(s)  | NTP Carcinogen | IARC Carcinogen | OSHA Carcinogen |
|---|----------------|-----------------|-----------------|
| Alcohols, C16-18  | No             | No              | No              |
| Dimethyl polysiloxane   | No             | No              | No              |
| Glycerol  | No             | No              | No              |
| Quaternary ammonium compounds, C20-22-alkyltrimethyl, chlorides | No             | No              | No              |
| Cetrimonium chloride  | No             | No              | No              |

|                                  |   |
|----------------------------------|---|
| <b>Carcinogenicity</b>           | None of the ingredients in this product are listed as carcinogens by the International Agency for Research on Cancer (IARC), the National Toxicology Program (NTP) or the Occupational Safety and Health Administration (OSHA). |
| <b>Mutagenicity</b>              | None of the ingredients in this product are known to cause mutagenicity.  |
| <b>Toxicity for reproduction</b> | None of the ingredients in this product are known as reproductive, fetal, or developmental hazards.   |

## 12. ECOLOGICAL INFORMATION

### Aquatic Toxicity:

This product is anticipated to be safe for the environment at concentrations predicted in household settings under normal use conditions. The following toxicity information is available for the hazardous ingredient(s) when used as technical grade and is provided as reference for the occupational settings.

#### Toxicity to fish:

The aquatic toxicity profile of this product has not been determined.

#### Chronic toxicity to aquatic invertebrates

The aquatic toxicity profile of this product has not been determined.

#### Toxicity to algae:

The aquatic toxicity profile of this product has not been determined.

### Persistence and degradability

| Hazardous substances<br>CAS-No.  | Result value                  | Route of<br>application | Species   | Method  |
|--|-------------------------------|-------------------------|-----------|---|
| Alcohols, C16-18<br>67762-27-0   | readily biodegradable         | aerobic                 | 81 %      | OECD Guideline 301 D (Ready Biodegradability: Closed Bottle Test)                     |
| Siloxanes and Silicones, di-<br>Me<br>63148-62-9                                     | not readily<br>biodegradable. | aerobic                 | 0 %       | OECD Guideline 301 D (Ready Biodegradability: Closed Bottle Test)                     |
| Glycerol<br>56-81-5  | readily biodegradable         | aerobic                 | 90 - 94 % | EU Method C.4-E<br>(Determination of the "Ready" Biodegradability Closed Bottle Test) |
| Quaternary ammonium<br>compounds, C20-22-<br>alkyltrimethyl, chlorides<br>68607-24-9 | not readily<br>biodegradable. | aerobic                 | 80 %      | OECD Guideline 301 B (Ready Biodegradability: CO2 Evolution Test)                     |
| Cetrimonium chloride<br>112-02-7   | inherently<br>biodegradable   | aerobic                 | 75 %      | OECD Guideline 302 B<br>(Inherent biodegradability:<br>Zahn-Wellens/EMPA Test)        |
|  | readily biodegradable         | aerobic                 | 95 %      | OECD Guideline 301 B (Ready Biodegradability: CO2 Evolution Test)                     |

### Bioaccumulative potential

The bioaccumulation potential of this product has not been determined.

### Mobility in soil

The mobility of this product (in soil and water) has not been determined.

## 13. DISPOSAL CONSIDERATIONS

### Description of waste residues:

**Hazardous waste number:** Not regulated

### Safe handling and disposal methods:

**Recommended method of disposal:** This product is not a RCRA hazardous waste and can be disposed of in accordance with federal, state and local regulations.

**Disposal of uncleaned packages:** Place in trash.

## 14. TRANSPORT INFORMATION

The information in this section is for reference only and should not take the place of a shipping paper (bill of lading) specific to an order. Please note that the proper shipping classification may vary by packaging, properties, and mode of transportation.

### U.S. Department of Transportation Ground (49 CFR)

**Proper shipping name:** Not regulated  
**Hazard class or division:** None  
**Identification number:** None  
**Packing group:** None

### International Air Transportation (ICAO/IATA)

**Proper shipping name:** Environmentally hazardous substance, liquid, n.o.s. (Quaternary ammonium compounds C20-22 alkyl trimethyl chloride, Quaternary ammonium compounds, benzyl-C12-18-alkyldimethyl, chlorides)  
**Hazard class or division:** 9  
**Identification number:** UN 3082  
**Packing group:** III

### Water Transportation (IMO/IMDG)

**Proper shipping name:** ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (Quaternary ammonium compounds C20-22 alkyl trimethyl chloride, Quaternary ammonium compounds, benzyl-C12-18-alkyldimethyl, chlorides)  
**Hazard class or division:** 9  
**Identification number:** UN 3082  
**Packing group:** III  
**Marine pollutant:** Quaternary ammonium compounds C20-22 alkyl trimethyl chloride, Quaternary ammonium compounds, benzyl-C12-18-alkyldimethyl, chlorides

## 15. REGULATORY INFORMATION

**Occupational safety and health act:** Hazard Communication Standard, 29 CFR 1910.1200(g) Appendix D: The Occupational Safety and Health Administration (OSHA) require that the Safety Data Sheets (SDSs) are readily accessible to employees for all hazardous chemicals in the workplace. Since the use pattern and exposure in the workplace are generally not consistent with those experienced by consumers, this SDS may contain health hazard information not relevant to consumer use.

### United States Regulatory Information

**TSCA 8 (b) Inventory Status:** One or more components of this product are not listed and/or not active on the U.S Toxic Substances Control Act (TSCA) inventory. As such, this product may only be used for research and development purposes as described in 40 CFR 720.36.

**TSCA 12 (b) Export Notification:** None above reporting de minimis

**CERCLA/SARA Section 302 EHS:** None above reporting de minimis.  
**CERCLA/SARA Section 311/312:** Not available.  
**CERCLA/SARA Section 313:** None above reporting de minimis.

**California Proposition 65:** This product contains a chemical known in the State of California to cause cancer.

### Canada Regulatory Information

**CEPA DSL/NDSL Status:** One or more components are not listed on, and are not exempt from listing on either the Domestic Substances List or the Non-Domestic Substances List.

## 16. OTHER INFORMATION

**DISCLAIMER:** The data contained herein are furnished for information only and are believed to be reliable. However, Henkel Corporation and its affiliates ("Henkel") does not assume responsibility for any results obtained by persons over whose methods Henkel has no control. It is the user's responsibility to determine the suitability of Henkel's products or any production methods mentioned herein for a particular purpose, and to adopt such precautions as may be advisable for the protection of property and persons against any hazards that may be involved in the handling and use of any Henkel's products. In light of the foregoing, Henkel specifically disclaims all warranties, express or implied, including warranties of merchantability and fitness for a particular purpose, arising from sale or use of Henkel's products. Henkel further disclaims any liability for consequential or incidental damages of any kind, including lost profits.

**This safety data sheet contains changes from the previous version in sections:** New Safety Data Sheet format.

**Prepared by:** R&D Support Services

**Issue date:** 01/27/2025
