### Technique: ZIG ZAG BALAYAGE

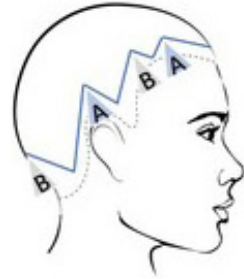

#### STEP 1: SECTION 1

Section the hair using deep zig zag partings, following the hairline from the front to the nape.

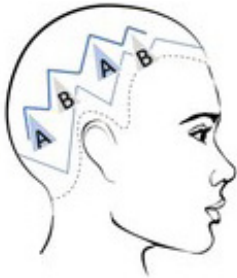

#### STEP 2: BALAYAGE

Paint the surface at the peak of each zig zag. Alternate **Formula A** and **Formula B**.

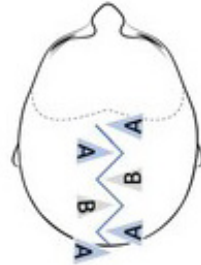

#### STEP 3: SECTION 2

Create a zig zag parting just above the first section, starting just behind the recession and ending at the occipital area. Repeat the application of lightener.

#### STEP 4: TOP SECTION

Create a zig zag parting on top of the head, starting just behind the hairline, extending down to the occipital area. Repeat application of lightener.

#### STEP 5: GLAZE

When the hair has achieved the desired lift, rinse and apply **Formula C**.

#### FORMULAS

**Formula A** : Lightener 1

**Formula B** : Lightener 2

**Formula C** : Golden Formula
